Subject: RE: Re: Urgent Request

Dear Aran,

Thanks for your email. I am going to issue a statement to all financial members and the Devotees regarding the financial position of the temple as Treasurer and also my position on the current financial crises as Treasurer. During challenging time we have to work collaboratively and it is not a time to pointing a finger each others. It does not resolve the current financial crises.

Unfortunately, we are not matured enough to accept our mistakes. I did not see any light end of the tunnel due to lack of leadership within our community.

Everybody is putting their self interest first instead of finding a solution to save the temple.

Regards

Sri

Subject: Re: Urgent Request

Dear Sri

Financial Information circulated Shaw's that you April Income is \$12,794. I am surprised that Temple was shut down due to Covid 19 and how this income was derived? Is this correct?

According Circulated information Temple has only \$3,433.03? how are you going pay the bills wages for May month?

Are we bankrupt? If this situation continues, are we going to shut down the temple? Can you able to continue to operate and pay all bills mortgage payments at Covid 19 climate?

Government can pay approximately \$39,000 for 26 weeks @ 1,500 per employee as job keeper payments. why you can't secure this payment? Is that too late to apply?

Have you done any budget for next 10 months? This period is very crucial period please plan accordingly.

Why you transferring building fund donations to Devasthanam to operate the temple? Is that allowed?

We all work very hard and established a beautiful temple for our community and we don't want to see end up in closing down.

Please note that any amendment in constitution or Trust we need 2/3 of majority which is not going to happen for some time.

Please don't waste Temple money to get advise from lawyers or accountant at current climate.

Please take everything very seriously and do some executive decision to budget your expenses and retain Australian resident priests and run the the Temple with government money and safe the Temple. God bless you.

Kind regards Aran

- Two of the Priests contracts comes to an end on 30 June 2020.
- A simplified monthly financial statement is provided below for you to understand the current financial situation as at 30-04-2020.

Dewasthanam Trust ,Income in April 2020	\$12,794.00

Good Morning Sri

I strongly suggest apply for Job Keeper payment and stabilise the current financial crisis . We are going to live with this Covid 19 fear for long period of time and there won't be any income for some time .

You have two Australian residents priest currently employed and entitled for the government help . Speke to fellow council members or take executive decision to apply Immediately.

Please don't let the Temple shut down .

This is not the time to sack any resident priests please continue with them until we bring the temple in sustainable situation.

Very hard to find residents priests in future in case of emergency or part time work to do the 3 time poojas . We had similar problems 20 years ago.

Initial stage Gobu Ayya was working out side and helping for the temple for a small amount of payment.

If you can't afford to pay reasonable salary and good accomodation and health benefits for Migrant Priests they may leave the country since they cannot sustain in Australia. They are not entitled for rental subsidy and Medicare and any other emergency helps .

Based on your fiancé circulated you don't have money in the bank. You can't take money from Sava Maha Sabai building fund as specific purpose donation .

You are managing the finances all these time you should know the monthly out goings and consequences.

Please don't let the temple shut down.

God bless you

Kind regards Aran
